# Show and Tell

PRE-SCHOOL  
GABBY PRITCHARD AND MARGARET WHITFIELD

*Show and Tell* gives you the tools to develop children's 21st century skills, creating young thinkers with great futures.

### digital at a glance

Student MultiROM iTools DVD Parent website  
Teacher website

*Show and Tell* taps into children's natural curiosity, asking a question such as 'Who makes you happy?' or 'What do our senses tell us?' as the focus for each unit. Activities encourage children to explore the question while learning the language they need to think and talk about it.

*Creating young thinkers with  
great futures*

- End-of-unit class projects consolidate learning and encourage children to work collaboratively.
- Opportunities to 'Show and Tell' allow children to present their projects in class or at home, and to talk about what they have learned – in English!
- Stories, hand-eye coordination practice and letter formation activities lead to reading and writing simple sentences.
- Problem-solving activities encourage critical and creative thinking.
- Literacy Books and Numeracy Books provide extra skills practice.
- Use with *Oxford Discover* to create a nine-level course (see page 12).
