Grammar and Beyond teaches the grammar students need most, thanks to the billion-word collection of authentic language – the Cambridge English Corpus.

The four-level series places special emphasis on grammar for writing. As they prepare to write, students practise editing common mistakes – based on an extensive corpus of student writing. Then they apply the grammar in a writing task, making a clear connection between what they study and how they write.

Real-World Application

- Students practice using the grammar in ways they will be expected to outside of class – with a special emphasis on written forms.

Real-World Writing

- Grammar is connected to writing through analysis of the most common ways that writers actually use the grammar.

How Grammar Really Works

- Students learn key differences between spoken and written English, as well as the most common structures.

Enhanced Teacher's Manual
